

H Torodial Transformer

Torodial transformer

Special Feature:

- 1、 High efficiency
- 2、 Small size
- 3、 Low mechanical hum, low magnetic noise
- 4、 Low off-load losses
- 5、 Easy to mount

Dimensions of Toroidal Transformer				
Type	WT	H(mm)	D(mm)	Weight(kg)
H-25	25	30	69	0.42
H-40	40	37	78	0.65
H-60	60	43	78	0.80
H-100	100	44	95	1.27
H-150	150	50	96	1.56
H-200	200	55	106	2.00
H-300	300	56	116	2.74
H-400	400	68	120	3.40
H-500	500	75	126	4.02
H-600	600	75	136	5.05
H-700	700	75	143	5.60
H-800	800	82	143	6.20
H-1000	1000	82	155	7.40
H-1500	1500	83	176	9.50
H-2000	2000	90	200	12.10
H-3000	3000	100	215	16.50
H-5000	5000	115	230	24.02

1).The dimension and weight values above are presented for reference only.

2).We also can design custom transformer best suited to your requirements,for emample,all kinds of "potted toroidal transformers".
Welcome to contact us for details.
